R. S. STOCKTON DISCUSSED IRRIGATION AT GLEICHEN

Mr. R. S. Stockton, head of the P. H. Natural Resources Engineering French pool Gleichen a visit account by Mr. E. M. Kilday and J. B. Dowdle, to talk over the possibilities of irrigating the town of Gleichen, says the Gleichen Club.

Every one in the Gleichen Community Hall Club Room was occupied by those interested in the proposed scheme and deep interest was apparent.

Pres. A. P. MacCallum occupied the chair and briefly introduced Mr. Stockton, who went thoroughly into the matter and had a map of the survey made, whereby water could be brought to the highest point in Gleichen by gravity system.

He explained that since the matter had been discussed a few years ago another survey had been made that provided for bringing the water up to a much higher point than it was first believed possible. This however necessitated a greater expenditure, and the cost of the water would be \$4.00. This amount would provide for the cost to irrigate the west end of the town, and another for the east, which would come in north of Everside House.

Above the cost of this the town would have to run the small laterals and provide for crossing streets, etc.

Mr. Stockton mentioned many uses of water and pointed out the advantages of irrigation to a town in beautifying and making it desirable to live in and visit.

He referred to the different varieties of trees that could be grown with irrigation and stated that the trees that could be grown without it would grow twice as fast with its use.

He also referred to the great variety of flowers, fruit and vegetables that water would enable us to grow.

He said there were two ways in which the town council could finance the proposed irrigation project.

One was to submit a by-law to the ratepayers to vote to raise the necessary funds and buy the water.

rights. In order to do this it would have to be submitted to the Board of Public Commissioners and dealt with the government.

The other way was to have the C. P. R. Natural Resources Department obtain the water rights and avoid all legal costs and worry.

The cost of water would be \$5.00 a year per acre and as the Gleichen townsite covered less than 100 acres it would not be a serious item.

His company was anxious to see every town use water and would do everything possible to assist in such undertakings.

The company was willing to extend the payments over thirty-four years at six per cent. interest. Thus the full amount would not all fall on the present ratepayers, but be divided among those who might come to reside here in the future.

There would be the matter of obtaining the right of way through Mr. Bogie's land north and west of town and through some private property to the east.

Asked if the company would undertake to survey the town and do the work, Mr. Stockton said the company could be asked to consider doing the work, but he thought their company might make a survey, which Mr. Kilday concurred in, saying they were very busy at present.

LOCAL AND GENERAL NEWS

Rev. H. D. Marr, of Calgary will speak in the United Church of Strathmore and district, Sunday next on the work of the Bible Society. Mr. Marr is an interesting speaker.

Mr. J. W. Giffen, wife of our local physician and only, Edmonton, spent the week end in Strathmore.

James Weir spent Sunday evening in Calgary and enjoyed the "White Light" immensely.

Jean Kimmey, the popular town of Strathmore, was in town on Tuesday. Some of Jim Strathmore's friends were enquiring from Jean regarding Jim's health and welfare and were sorry to learn that Jim is not in as usual but still in hospital, having lost considerable weight during the summer months. You know Jean is not just any girl, she is a real thing with him.

An Autumn Tea will be held at the home of Mayor and Mrs. Strathmore, Thursday, Sept. 12th, at 2 p.m. The auspices of the L. A. of United Church. A good musical programme and other interesting features will be arranged. Come and invite your friends to come.

Pat Kearns, who accompanied her parents, Mr. and Mrs. G. Kearns on a trip to the Coast, has been home on Friday night at the School Park. Friends will be glad to learn that she is now making a good recovery.

Ted Sweetman was full of grief, when he had to announce the post-mortem of the Saturday Night Hop on Friday night at the School Park. Friends will be glad to learn that he is now making a good recovery.

The Women's Institute will have tea, cake, sandwiches and hot drinks, Saturday, Sept. 14th, beginning at three o'clock and will continue to serve until eleven o'clock at night in the sample room of the King Edward Hotel.

Mrs. Gatenby and Norman of Calgary are away on a motor trip to Vancouver.

The boys of the Junior Group are to be congratulated on the erection of a very fine bulletin board on the front of the church. The name of the minister, the hour of service, etc. The board of the work of Mr. George Brown, and is very creditable. The boys raised the money for this purpose by the concert they put on in the Theatre in the spring it is a worth while contribution.

Mr. H. Hutton, son of the late, Geo. Hutton, former manager of the C. P. R. Farm at Strathmore, was a guest here on Friday night. Mr. Hutton will return to University in October.

Loelle West, who has been under treatment at the Royal Sanatorium for rheumatic fever, was in town on Saturday. He is now enamored with the popular museum that he has developed a new trouble, an eye after the King Edward has returned from London.

Strathmore is very quiet this week because, Frank Miller has vanished back to Coramotion after spending a week here. J. R. Clarke, manager of the King Edward has returned from Coramotion.

Don McKay who has been with E. H. Wright for several years has resigned and is leaving for the coast where he will spend a holiday. Don's many friends will wish him the best of good luck wherever he decides to locate, and all the girls will miss him.

Mrs. Marion Little left on Monday for Spokane, Wash. where she will visit her brother Richard for some time.

The class in bookkeeping began today by the Women's Institute for the first time. Mrs. Wood is the lady in charge.

Mr. and Mrs. P. Little left today last for a two weeks holiday at the coast.

The L. A. of United Church will meet at the home of Mrs. G. Jones, Tuesday, Sept. 12th at 2 p.m.

A visit from E. W. Hearty, president of the C. P. R. system, to the Strathmore Farm, was among the interesting events of the past week. This is the first occasion on which the President has visited officially the C. P. R. Farm, and this visit is significant in the growing interest being taken in the Farm by the C. P. R.

Don't forget to sample the "Tio Dab" served with onions and mustard next Saturday, Sept. 14th, in Sample room of the King Edward Hotel, by the Women's Institute.

When one of the teachers remarked the obligatory tendency to the use of slang, the flapper agreed by saying: "You sure showed a flapper, didn't you?"

A Calgary man who caused a serious automobile accident by entraining his companion says that he had never done that before. Evidently that was just the trouble. Most one man drivers are not so careful.

Mr. and Mrs. O.E.S. Whitehead of Coleman, were week end visitors of Mr. and Mrs. E. Whitehead.

Mr. and Mrs. E. Whitehead and Mrs. E. Whitehead, who were in the district for a long time.

Mr. and Mrs. E. Whitehead, who were in the district for a long time.

NAMAKA

Mr. J. W. McArthur called on friends in town and district during the week.

A district meeting of the Hoboken Lodge of Calgary and surrounding district, was held on Thursday, Sept. 11th in the I.O.O.F. Hall. Sister Mrs. E. D. P. in the chair. After the prayer service, a report was given by the district secretary, showing that the lodge had nearly 50 members. All enjoyed the meeting as well as deriving a great deal of benefit from the banquet given.

Jack Bremner left Sunday for Gleichen where he will be employed in Harrison's store.

Mr. and Mrs. Wm. Fawkes are the proud parents of a beautiful boy born on Sunday, Sept. 8th at Miss Macdonald's nursing home, Strathmore.

Thursdays in the general district, given averaging from 7 to 12 babies to the acre.

Miss Adelle Sturgeon, returned to Commercial last week.

The C.O.P.T. girls gave a surprise party in honor of Ruth Atkins on Monday night. They presented Ruth with a ring, emblematic of the group, to which she responded suitably.

From Another Correspondent

Mrs. C. W. Watson has some of the best things in a hand in the district for a long time.

Levi, Colwell and Mrs. Lewis were in town on Saturday visiting their friends. Mrs. Lewis is a very clever cook.

Jack Bremner, late of Lewis, town, has accepted a position with Mr. Harlow of Gleichen.

His wife, Mrs. Lewis, has been leaving his post recently. Mr. Casselman spent the week end in Calgary.

Thrilling has been going on full swing here, about 10 days will complete everything.

On Friday evening, September 20th there will be a hand in the district held in the I.O.O.F. Hall. This is going to be one of the largest and finest events ever witnessed. There will be prizes given to Best dressed Lady and Gent. Best dressed Couple. Best dressed Couple. Best dressed Couple.

HANNA HOSPITAL

Extension Opening

(By Edna Kells)

Two years after the launching of the Hanna Hospital, the original building in Hanna has an extension to the original building built in 1921, will be formally opened on September 12th, by the Hon. George Hoadley, Minister of Public Health.

The original hospital provided accommodation for 25 patients, the new wing increases the accommodation to 50 beds and also provides new quarters for the nursing staff.

In addition to providing facilities for the care of the sick, during these years, the Hanna hospital has been a financial success. Since 1922, over \$50,000 has been expended from general revenue for new equipment such as X-ray machines, fire protection, and operating room equipment.

The primary idea behind the Hanna Hospital, was to provide for the sick, and the Hanna district has not failed to take advantage of their privilege.

More than 700 babies have been born in the hospital and in one essential twenty-four hours.

More than 700 babies have been born in the hospital and in one essential twenty-four hours.

More than 700 babies have been born in the hospital and in one essential twenty-four hours.

More than 700 babies have been born in the hospital and in one essential twenty-four hours.

last sixty young Canadians first saw the light under the hospital roof.

During the year 1928, 1929 patients were cared for, an increase of 19.3 per cent. over 1927. Hospital days numbered 1,857, 113 major and 327 minor operations were performed and 10 fractures treated. Medical cases numbered 555 and maternity 128. 110 babies were born. 49 clinical cases were treated and 559 X-ray plates taken. Deaths numbered 43 including 8 still born and premature babies and 2 blue babies. More than 400 X-ray cases have been treated in the Hanna hospital.

The people of Hanna are naturally proud of their hospital. The Hanna district is bordering on the dry area and has had its ups and downs. Looking to the hospital the people say, "We can do this in the drought area, what could be done under ideal conditions?"

Advertising and Correspondence

CONCERNING COPY EARLIER

The Canadian Pacific Railway change of time table will go into effect on Sunday, Sept. 22nd, which means that in order to reach the mail that the Standard must go to press at least a day earlier, hence the change in the Standard's publication date.

Advertising copy and correspondence on Monday instead of Tuesday.

The Standard hopes that Contributors and Advertisers will continue to send their copy, correspondence, and advertising copy in early in the week. -THANK YOU

Cheadle School

The following results were obtained in the departmental examinations held at Cheadle:

Grade 1 (eight pupils):
John Moxley, passed 7, average 72;
Marguerite Kilday, passed 8, average 72;
Edna Moxley, passed 7, average 72;
Jack Kilday, passed 7, average 72;
Margaret Jackson, passed 8, average 72.

Grade 2 (seven pupils):
John Moxley, passed 7, average 72;
Marguerite Kilday, passed 8, average 72;
Edna Moxley, passed 7, average 72;
Jack Kilday, passed 7, average 72;
Margaret Jackson, passed 8, average 72.

Grade 3 (four pupils):
John Moxley, passed 7, average 72;
Marguerite Kilday, passed 8, average 72;
Edna Moxley, passed 7, average 72;
Jack Kilday, passed 7, average 72.

Grade 4 (three pupils):
John Moxley, passed 7, average 72;
Marguerite Kilday, passed 8, average 72;
Edna Moxley, passed 7, average 72.

Grade 5 (two pupils):
John Moxley, passed 7, average 72;
Marguerite Kilday, passed 8, average 72.

Grade 6 (one pupil):
John Moxley, passed 7, average 72.

Grade 7 (one pupil):
John Moxley, passed 7, average 72.

Grade 8 (one pupil):
John Moxley, passed 7, average 72.

Grade 9 (one pupil):
John Moxley, passed 7, average 72.

Grade 10 (one pupil):
John Moxley, passed 7, average 72.

ELWOOD

School opened on September 2nd with Miss Taylor from north of Strathmore as teacher, Ed Hanson as janitor.

A. Cammaret of Strathmore, combining the big field for H. Hanson. Emil Matchak did 32 swingsworth of work in the field.

Harold Scher has purchased a Town City tractor.

Several children from the district were taken to the Government Clinic at Strathmore last week. This is a very convenient and anyone with children needing attention are the losers if they do not make use of it.

Coming Events

Hillier's Theatre, Friday and Saturday, Sept. 12 and 13. Colleen Moore and Neil Hamilton in "Why Be Good?"

Owing to the School Fair the School Night Hop has been postponed from Sept. 14 to Sept. 21.

Everybody parents, the tea served by the Women's Institute next Saturday, September 14th in the sample room of the King Edward Hotel.

HOT DOGS—HOT COFFEE—

Autumn Tea, Thursday, Sept. 26th, at the home of Mayor and Mrs. Strathmore, beginning at 2 p.m.

Tenders for School Building at Hill Creek should be sent to Mr. 14th at noon, at the office of C. H. Thacker, Carleton.

STOLE RIDE IN 1910
PAYS 19 YEARS LATER
CHICAGO—For a ride stolen 19 years ago the Pennsylvania Railroad has just received a check for \$100,000. J. M. Nurnan, a Chicagoan, wrote the railroad that he had lost his way from Chicago to Philadelphia in 1910. He wanted to make this right, he said, because he was going back over his life's journey. His journey continues to the Pennsylvania Railroad's "Conscience Fund." Numerous offers have been made for a bit of transportation, the railroad reports.

Strathmore School Fair Two Days Sept. 13-14

SPORT NOTES

HOCKEY FLAG MAROONS' GOAL

By a Staff Correspondent

Montreal, Aug. 16.—Montreal Maroons are a unique athletic organization. They are the proprietors of a group of millionaires who have so much money they do not know what to do with it. Their ambition is to win the hockey championship of Maroon colors.

They have expended vast sums of money and made more in the process of trying to achieve this ambition. They have lavished presents and prizes on their athletes that would make even the best baseball players green with envy. High powered cars, stocks on margin, liquor if necessary, big parties and fine positions have been given their team.

All who have come in contact with them have benefited in a financial way. Eddie Gerard, deposed manager, retired worth nearly \$200,000, amassed in a few years of shrewd speculation. Dunc Maroon ran nine shops and into half a million, according to various reports. Others have profited handsomely.

In an endeavor to win the much sought after gonfalon, Maroons are prepared to make an offer that will astound the hockey universe, according to report.

Siebert, Patton, Benedict, Hicks, Phillips and Inoué are on the market for trade, according to authentic information gleaned from one of the directors close to the inside. They are not for sale, because Maroons do not need money, but they are for trade for young and coming players.

In addition \$100,000 is said to be in a pot that will have its object the buying of Clancy, Shore and Worters. Hockey South is to be sold to the interests of Maroons, a capy manager knows, that while Smith is accepted, his authority will be shattered. He will, according to present plans, figure in a sensational trade.

American would not part with Worters for any reason except that they need the money, and need it badly. The league group. They only hope, under the contract they have with the garden, is to make money by sales. They could take Benedict in part exchange for Worters, and get a lot of money, and still keep up their end in the pots, as Benedict is still a great goal tend.

Ottawa wouldn't part with Clancy, but they once parted with Hockey South, and \$50,000 is a lot of money to a small club. They raise great hockey players in the Capital and they need the money enough to get another Clancy out of their valuable, and apparently inexhaustible supply.

Maroon would so much think a present of parting with Shores, that the New York Yankees would part with Babe Ruth, but they have great admiration for Hockey South, and with plenty to boot, a trade might be effected. In any event, the word is out that Maroons stand ready to astonish the athletic world. If they can pull off these deals they will have a team that should breeze right through the schedule.

RUTH PAYS \$20 FOR BALL

Cleveland, O.—Babe Ruth bought a baseball for himself, paying \$20 for it.

The ball was the one which the home run king hit over the right field wall in the second inning of the game with Cleveland Sunday, Aug. 11th.

It was Babe's 500th home run of his major league career, counting only regularly scheduled American league games, and Ruth, who he trotted across the plate, said he wanted the ball for a personal souvenir.

Meanwhile, Jackie Geier, of New Philadelphia, O., who had recovered the ball, was brought to the Yankee dugout.

"I'll give you twenty bucks for that ball, Bud, and autograph a new one for you," growled the big slugger. Geier accepted delightedly and the Babe put the ball away to add to a collection of baseball trophies.

The home run was Ruth's 30th of the current season. He was the first up in the second inning, with Willie Hudlin in the box for Cleveland.

YOUNG GIRL CHAMPION

Vivian Hartwick, sixteen-year-old San Francisco girl, who broke the world's baseball throwing record for women at the recent Pacific Association Women's track at Vallejo, when she tossed the ball for a distance of 256 feet 6 inches. Miss Hartwick has been the mascot of the San Francisco Seals for six years.

ORDERLY MARKETING IS AGRICULTURAL CATCH PHRASE

One of the foremost authorities on agricultural marketing is Prof. James E. Boyce, of Cornell University, who has on occasion contributed to "The Financial Post." Prof. Boyce says that 90 per cent of the farm market is producing what the consumer wants.

"There is no way to get a good price for a poor product. There is no difficulty in finding plenty of buyers for a good product," says Prof. Boyce.

He refers to the California orange and walnut growers whose co-operative selling efforts are based principally on production programs—growing good oranges and walnuts and grading them.

The success of Wisconsin's lettuce campaign, and certified seed program is instances as evidence of the value of attacking the farm problem from the production end.

Denmark has a world wide reputation for its eggs, butter and bacon by attention to better size and better needs, to proper grading and only after these have received actual better selling.

Prof. Boyce touches one phase of Canada's agriculture when he points to the anomaly of our producing \$22 grades of wheat for a market asking for ten grades.

Our dairy industry complains of overproduction, but is hardly overproducing. It is not primarily a production problem of giving the consumer what he wants. Our excess with Cheddar cheese indicates

that a quality product, distinctively good, creates its own market.

"Orderly marketing" is the catch phrase of agriculture today. More attention to orderly production should come first.

LITTLE PENSION TECHNICALITIES SHOULD BE ELIMINATED

The Mothers Pension is surrounded by many conditions that often place a real hardship upon most deserving people.

For example, if a mother happens to have a small income, she is not eligible for the Pension.

The income may be quite insufficient to meet the needs of the dependent family and the mother so occupied that she cannot attend to the household as her time is so fully occupied caring for the little ones, yet she is prohibited from receiving Mother Pension.

The Mothers Pension and the Old Age Pension also, should be practically harmonized.

The present plan is simply a papered over of the old system, and the new plan is no better.

The same objectionable features exist in connection with the Military Pension, resulting in a small army of officials being maintained to keep track of deserving people from obtaining that to which they are justly entitled.

The amount paid these officials in the aggregate would go a long way to pay those whom they find ways and means of making ineligible.

ISAW LAST WEEK

JAMES HANSEN a very much in the line of the "Chillville" was seen by FRANK MILLER bringing in the wounded. W. A. LAYCHAPEL looking up the date when duck shooting will open. REV. MR. HUGHMAN discussing the game of curling. H. C. CHOW, THOMAS and David McKay completing arrangements for the big School Fair on Sept. 13 and 14. D. A. PERRY trying to talk "Scotch" at Duff FRANK MILLER demonstrating to M. A. RELLINGER, something which he said cost him a heap of money but gave him much pleasure. H. H. PATTYMORE getting ready for some thing on Sept. 15th—break or no break. CHARLES KIELING talking to Jim Martin about Winnipeg and Silent Messenger and little of the Wind and McNally. It is surely was an awful mistake, but they seemed to understand each other. JIM MARTIN trying to figure out what time he will have to get up in the morning when the new train schedule goes into effect. "BUD" RELLINGER telling the ladies at extending to Free Jones was very non-committal and could not promise. He is a regular

R. S. Stockton Discussed Irrigation At Gleichen

Continued from the Front Page

It might also be possible to interest the Blackfoot Indian Agency but that would require much time.

He said they had a number of out the working in this vicinity and the main work could be done this fall which would allow irrigation to start in Gleichen early next spring.

As to supplying water for the existing pool he did not know the location, but believed it could be arranged to have a continuous flow of water for it if the town sewer could take care of the outfall.

A vote of thanks was tendered Mr. Stockton for coming to Gleichen and supplying so much valuable information, who was anxious to get down to attend to other business.

Following Mr. Stockton's departure considerable discussion was indulged in by those present and Messrs. Wright, Thompson and Lee were appointed a committee to carry on the business, with the understanding they would endeavor to have Mr. Bradley make a survey as he might be able to do it at once, being still a resident in town.

SHOOTING SEASON

Duck hunting season opens Monday Sept. 13th. The season really opens Sept. 15th, but as this is Sunday, and Sunday shooting is prohibited, hunting will not begin until Monday morning.

The season for Hungarian partridge opens October 1st.

THE WHEAT POOL

The Alberta Wheat Pool is making a determined effort to point out to Pool members the importance of delivering Pool grain to Pool elevators wherever it is possible, in view of the light crop in Alberta this year.

The Pool elevator system was built up for the purpose of giving service and protection to the membership. Three years ago there were 4 Pool elevators in Alberta. Today there are 47, representing an investment of over six million dollars of Pool farmers' money. This investment must be protected.

Pool members should realize that it is a matter of very great importance for the selling Agency to have Pool grain readily available at all times. When Pool wheat is delivered to Pool elevators it is always available to the Selling Agency.

This great elevator system was developed because Pool farmers insisted that this course be taken. For many the head office of the Wheat Pool has been dealing with requests and even demands for Pool elevator service. It is up to Pool farmers to show their appreciation of their own system by delivering their wheat to Pool elevators.

The introduction of combines and auto trucks has speeded up harvesting on the Canadian prairies to a remarkable degree. The result has been an unprecedented flow of grain to the elevators during a brief period in the fall, in order to restrict the pool as much as possible the Alberta Wheat Pool is offering a bonus of 2 cents a bushel for wheat sold on farms until December 2nd, 1926. Wheat producers should realize it is not

ROCKYFORD

Anderson Bros. plans with C. J. Johnson, as pilot, took advantage of the fall in harvest operation on Thursday afternoon and visited town, taking passengers up all afternoon, leaving in the evening for Standard.

Every department of the school is now opened and back to work with an increase of pupils in each of the five rooms. The Rockyford high school is well filled this year, with pupils coming from almost every district. Mr. Willard is again in charge and with the increased number, competition should be even keener than last year, when splendid results were obtained.

Mr. and Mrs. Carpenter and family returned to Medicine Hat from the week end and Labor Day Holiday. Mrs. Carpenter's mother, Mrs. Owen returned with them and will spend some time with them here.

The regular session of the Ladies Aid met at the home of Mrs. Birt on Thursday afternoon. A good number were present, and the business was promptly disposed of. An interesting paper, compiled by Rev. Gilbert, but in his enforced absence was read by Mrs. Gilbert, on the Church Extension. Arrangements were made for a corn roast to be held at the church grounds on Sunday, the 15th, the next meeting on Sept. 15th will take the form of a social event for all in the church parties. The program committee have the arrangement for the evening in hand, and are planning something different, coffee and cake in the fall. At the conclusion of a very delightful lunch was served by the hostess, when her daughters and Mrs. Emily Post assisted in serving.

The High School pupils and C.G.T. girls gave a party in the school room on Thursday evening in honor of Hunch Fraser on the eve of her departure for Nanton with her parents. Games and dancing supplied the amusement for a very pleasant evening. At lunch the pupils presented her with a very pretty Pin on Amber Mirror, as a token of esteem and remembrance.

The ladies of the town arranged a farewell tea on Wednesday afternoon at the home of Mrs. Hewson, in honor of Mrs. Fraser, who left on Friday with her family, to join Mr. Fraser who has recently been transferred to the Pool elevator at Nanton. At the tea, Mrs. Cuthbertson in a few well chosen words expressed the regret of the ladies at having to say goodbye to an accomplished member and presented Mrs. Fraser with a small remembrance in the form of a pin. The dinner, song, and coffee sticks to match, to which Mrs. Fraser very fittingly replied. The best wish of the community accompanied Mrs. Fraser and family to their new home at Nanton.

Mr. Clark the local light representative, and his sister, Mrs. Barker, are away for their holidays to Calgary and Banff.

Miss Leah Carpenter returned home on Friday evening from Wetaskiwin, where she has been for the summer in a drug store, taking the practical training of her drugstore course.

Charlie Hall received last week the sad news of the death of his mother, who died in Medicine Hat, having lived to the mature age of 92. She left five dear relatives, 2 sons, Chas. and Rockyford, and another son in Maine. Two grandchildren and one great grand child.

Mr. Wm. Harwood has moved into his new house in Rockyford, and his sister is keeping house for him.

We are sorry to hear that Russell Bragg has been confined to the hospital in Calgary with blood poisoning. In his hand, he returned the end of the week, and we trust he will soon be able to get back to high school state.

SAYS WATERWAY SCHEME WOULD BENEFIT FARMERS ——— Indian, Man ——— Freight rate reduction that would remove a burden or perhaps even remove from the shoulders of northwestern agriculture and industry made inevitable the opening of the St. Lawrence Great Lakes waterway to the sea. Governor Thorne Christiana declared here today that he would support the project of the Great Lakes Harbors association.

The Minnesota governor quoted figures of President Hoover in estimating that where 1,000 bushels of wheat are shipped 1,000 miles by rail for about \$175, the same cargo could be carried the same distance by boat over the Great Lakes for approximately \$25.

"If the wheat grown in Minnesota's farmers could be shipped from Duluth over the Great Lakes and the St. Lawrence canal and thence across the Atlantic to Liverpool, without breaking cargo," Governor Christiana said, "it would mean a saving of a price increase of from 5 to 7 cents on every bushel of wheat raised in the northwest."

Governor Christiana was a visitor to the C. P. R. Farm by the Danish Press last summer.

AUTOMOBILE INVENTOR ——— SHOWS SAFETY PLANE ——— PHILADELPHIA (AP) — Dipping from the skies in an almost vertical position and landing almost as gently as a feather floating to earth, the new automobile safety plane of Juan de la Cierva, Spanish inventor, was put through successful test flights at a field in Bethaysa, Pa., in the first public exhibition in this country.

The Madrid pilot made half a dozen trips and each time came down almost vertically, thus demonstrating, he said, the ability of the plane to land safely if the motor should stop suddenly.

The safety feature is the Autogiro attachment, consisting of four large propellers, the plane is held over the cockpit and a specially constructed "tail" embodying two horizontal stabilizers. The plane lands slowly on tail skids. Then the rest of the weight settles on the rubber-tired landing gear.

We want Men and Women to come to Winnipeg next year.

All expenses will be paid and several hundred dollars paid you besides.

Previous experience not necessary. Apply to the Mutual Life Ins. Co. of New York. 406 Grain Exchange, J. O. Fraser, Provincial Mgr.

We want Men and Women to come to Winnipeg next year.

All expenses will be paid and several hundred dollars paid you besides.

Previous experience not necessary. Apply to the Mutual Life Ins. Co. of New York. 406 Grain Exchange, J. O. Fraser, Provincial Mgr.

field in Bethaysa, Pa., in the first public exhibition in this country.

The Madrid pilot made half a dozen trips and each time came down almost vertically, thus demonstrating, he said, the ability of the plane to land safely if the motor should stop suddenly.

The safety feature is the Autogiro attachment, consisting of four large propellers, the plane is held over the cockpit and a specially constructed "tail" embodying two horizontal stabilizers. The plane lands slowly on tail skids. Then the rest of the weight settles on the rubber-tired landing gear.
